

ALONE (BAR)-Nacio Herb Brown/Arthur Freed

I'll find you in each dream I dream, with every song you sigh

I'll count the hours when we are apart, for here am I

A-lone, a-lone with a sky of ro-mance a-bove.

A-lone, a-lone when you whisper, "Good-bye," my love.

But I will still re-member the happiness we've known,

And, though I may be a-lone, I'm not

A-lone, as long as I find you in every dream,

I know I'll see you each night in the starlight's gleam

And in those magic moments, I'll have you for my own.

1. A-lone, till we are to-gether, we two are a-lone. (repeat song)

2. A-lone, till we are to-gether, we two are a-lone.
