p.2. Always and Forever

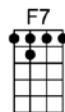

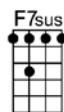

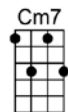

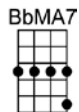

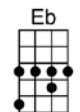

There'll always be sunshine when I look at you

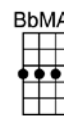

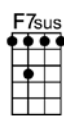

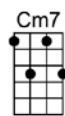

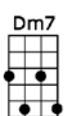

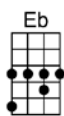

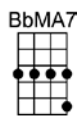

It's something I can't explain just the things that you do

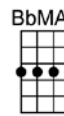

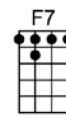

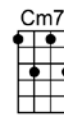

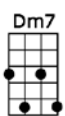

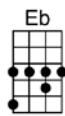

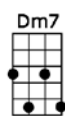

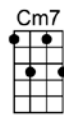

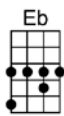

And if you get lonely, phone me and take

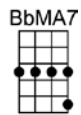

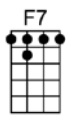

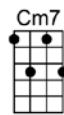

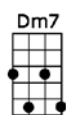

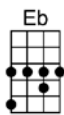

A second to give to me that magic you make and

Everyday, love me your own special way, melt all my heart a-way with a smile

Take time to tell me, you really care, and we'll share to-morrow, together

I'll always love you for-ever
