        G         D           C       G
I woke up this morning to a garbage truck

C                    G           D
  Looks like this ol' horseshoe's done     run out of luck

G         D   C                 G
  If I came home,      would you let me in?

C             G         D               G
  Fry me some pork chops,     and forgive my sin?

            C                         G
      Sur-round me with your boundless love

            C                         G
      Con-found me with your boundless love

               G7   C
I was drowning in a sea, lost as I could be

          G                 D       G
When you found me with your boundless love

      G         D   C                   G
Some-times my ol' heart     is like a washing ma-chine

C           G       D
  It bounces a-round 'til     my soul comes clean

G             D   C                 G
  And when I'm clean     and hung out to dry

C                   G     D           G
  I'm gonna make you laugh     until you cry
```

```
        C                           G
Sur-round me with your boundless love

Con-found me with your boundless love

                    G7   C
I was drowning in a sea, lost as I could be

              G               D       G
When you found me with your boundless love

If by chance I should find     myself at risk

  A-falling from this     jagged cliff

G           D   C               G
  I look be-low,      and I look a-bove

C                 G       D           G
  I'm surrounded by your      boundless love
