

COULD THIS BE MAGIC - Richard Blandon

4/4 1234 1 (without intro)

Intro: 

 
Could this be magic, my dear, my heart's all a-glow.

Could this be magic, loving you so

Could this be magic, my dear, having your love?

  
My prayers were answered so far from a-bove

   
I thought that it would be just a memory, to linger my heart in pain

  
But too much pride, I opened up my eyes, and I'm with you, dear, once a-gain

 
Could this be magic, my dear, having your love

     
If this is magic, then magic is mine, could this be magic, then magic is mine
