

A DATE WITH YOU (BAR)-Franck Sarkissian

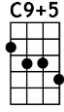

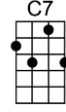

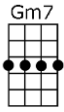

4/4 1...2...1234

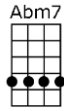

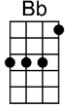

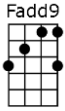

I want a date with you, a sweet rendezvous. A place to share with you, that makes me blue

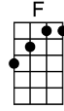

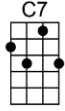

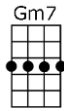

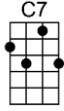

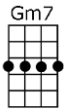

I want to dance, to sway, and fly to-night a-way.

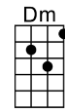

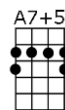

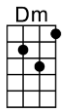

I want to kiss your lips, and never say good-bye.

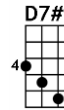

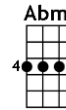

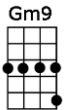

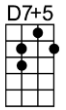

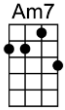

A sweet romantic bliss, and make you smile.

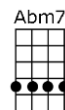

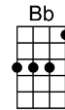

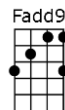

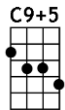

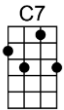

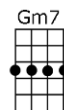

I want a song to play, and hear your love is here to stay.

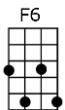

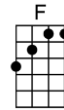

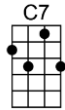

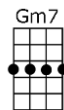

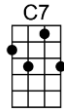

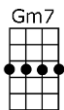

Just you and me under lovin' moonlight, together dancing, up all night

The warmth of your body a-against my heart, dancing together, for-ever

I want to kiss with you, a sweet rendezvous. A place to share with you, that makes me blue

I want a song to play, and hear your love is here to stay.
