

# GARBAGE TRUCK SONG BY BLIPPI

4/4 1...2...1234

**Intro:** |  |  |  |  | (X2)

## Refrain:

Gar - bage trucks, gar-bage trucks,

Drivin' through the town, pickin' cans up off the ground, gar -bage trucks

Sometimes when I wake up early in the morning, I hear a monster sound  
The garbage man drives up in the garbage truck, and picks that garbage up

I look out the window, and there's a garbage truck, pickin' cans up off the ground  
He dumps it in the back, so that it can be crushed, and he drives off to the dump

It empties the can, and puts it back down, and drives away so loud.  
He backs up to a pile of all the trash from the town, and dumps the whole thing out

1. Refrain and 2nd verse

2. Refrain

## Bridge:

They come in many col - ors, some are blue, and some are brown, and some are green

And, wouldn't you know it, there are some that can pick up recycl - ing

Refrain X2
