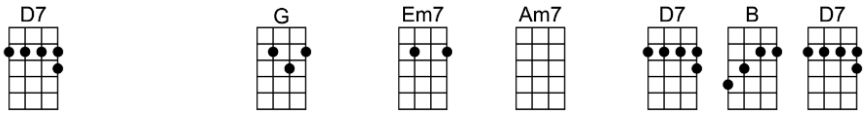
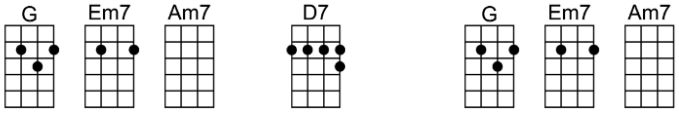
Intro: |  | (X2)

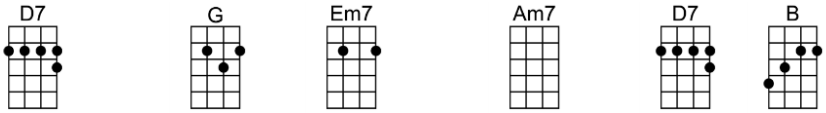
To you my heart cries out, "Per-fidia,"



For I found you, the love of my life, in somebody else's arms



Your eyes are echoing "Per-fidia,"

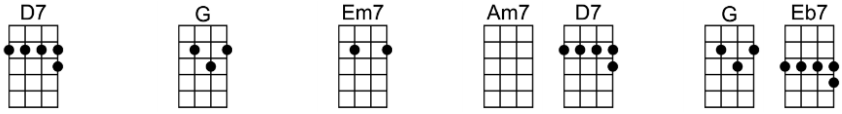


For-getful of our promise of love, you're sharing an-other's charms

With a sad lament my dreams have faded like a broken melody

While the gods of love look down and laugh at what romantic fools we mortals be

And now I find my love was not for you



And, so I take it back with a sigh, Per-fidious one, good-bye!

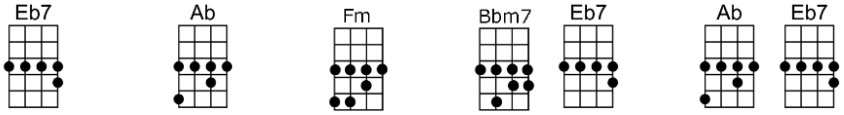
Interlude: 
(X3)

With a sad lament my dreams have faded like a broken melody

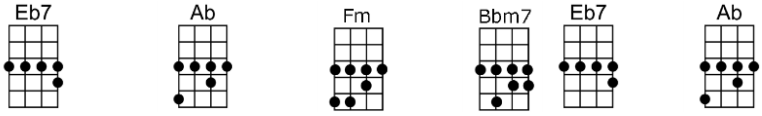
While the gods of love look down and laugh at what romantic fools we mortals be

And now I find my love was not for you



And, so I take it back with a sigh, Per-fidious one, good-bye!

And now I find my love was not for you



And, so I take it back with a sigh, Per-fidious one, good-bye!
