

# REMEMBER WHEN (BAR)-Buck Ram

4/4 1234

**Intro: Hit**

**Remember when I first met you, my lips were so afraid to say, "I love you."**

**Remember when, to my sur-prise,**

**The heaven in my heart leaped into your eyes**

**Re-mem-ber how much I cried. It was dumb to think you were mine**

**Darling, down deep in-side, I still feel that feeling di-vine**

**I loved you then, and I still do. I can't re-mem-ber when I didn't love you**

**Re-mem-ber how much I cried. It was dumb to think you were mine**

**Darling, down deep in-side, I still feel that feeling di-vine**

**I loved you then, and I still do. I can't re-mem-ber when I didn't love you**
