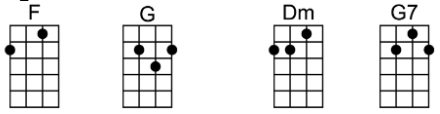
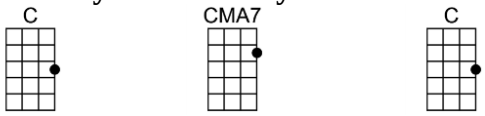
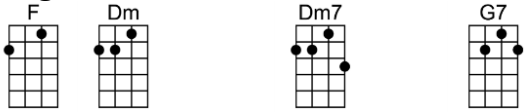
I've been up, I've been down, I've been so turned around



That I've seen my fate in the eyes of others

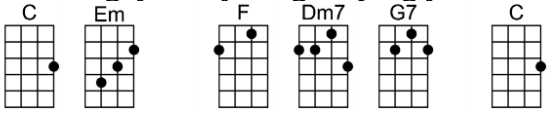


I've been high, I've been low, but there's one thing I know

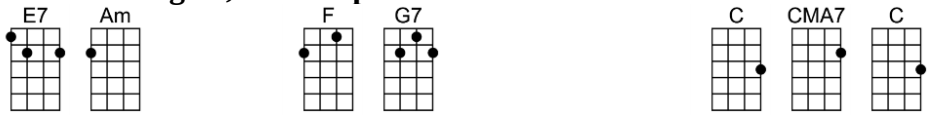


There's a lot to give, when we give to each other

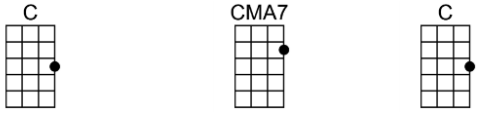
So I bring you my song, hoping you'll sing a-long



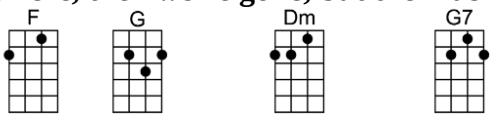
Turn down the lights, turn up the music.



Let's just be together to-night, and turn down the lights

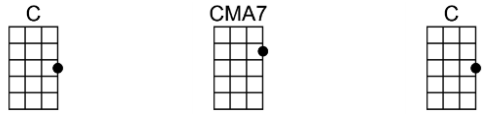


First we're here, then we're gone, but the music plays on

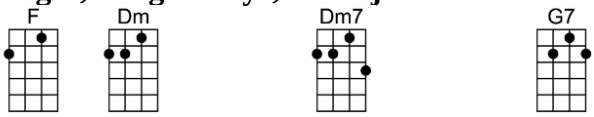


From the heart of one, to the heart of an-other

p.2. Turn Down the Lights

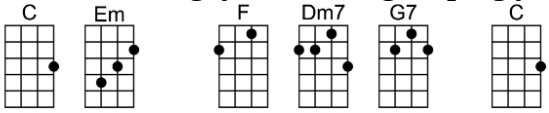


It's good-night, not good-bye, we're just done for awhile



We'll be back a-gain with some new things dis-covered

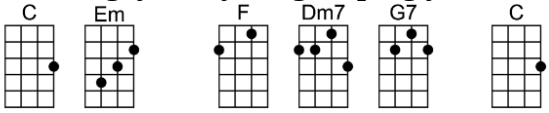
And we'll bring you our song, hoping you'll sing a-long



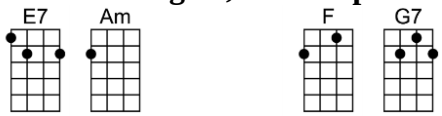
Turn down the lights, turn up the music.

Let's just be together to-night, come turn down the lights

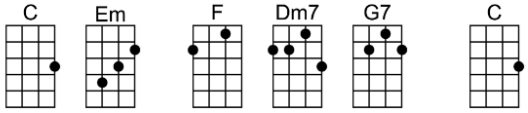
So I bring you my song, hoping you'll sing a-long



Turn down the lights, turn up the music.

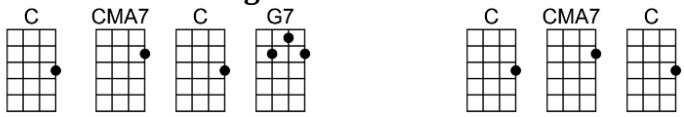


Let's just be together to-night,

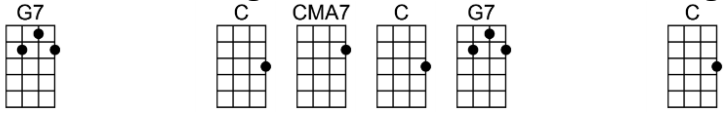


Turn up the love, bring out the memories,

You and I could share them all night



So turn down the lights, turn down the lights,



Turn down the lights, turn down the lights
